February, 2015

## What makes Panda a great company?

Their commitment to provide easier, secure and light solutions for end users and channels.

For this purpose, Panda is the best for technology and customer service.

## What benefits have you found in our Partner program?

Flexibility and Simplicity :)

Panda is flexible with their sales policy and some other key points of their business model, providing simple and easy solutions for Panda’s partners.

## How has Panda contributed to your sales increase?

With great and effective support in different business areas: marketing, sales, presales and technical support.

The rest is in your hands (your strengths, activities, skills and ambitions).
