## 'Status' menu: 'Licenses' section

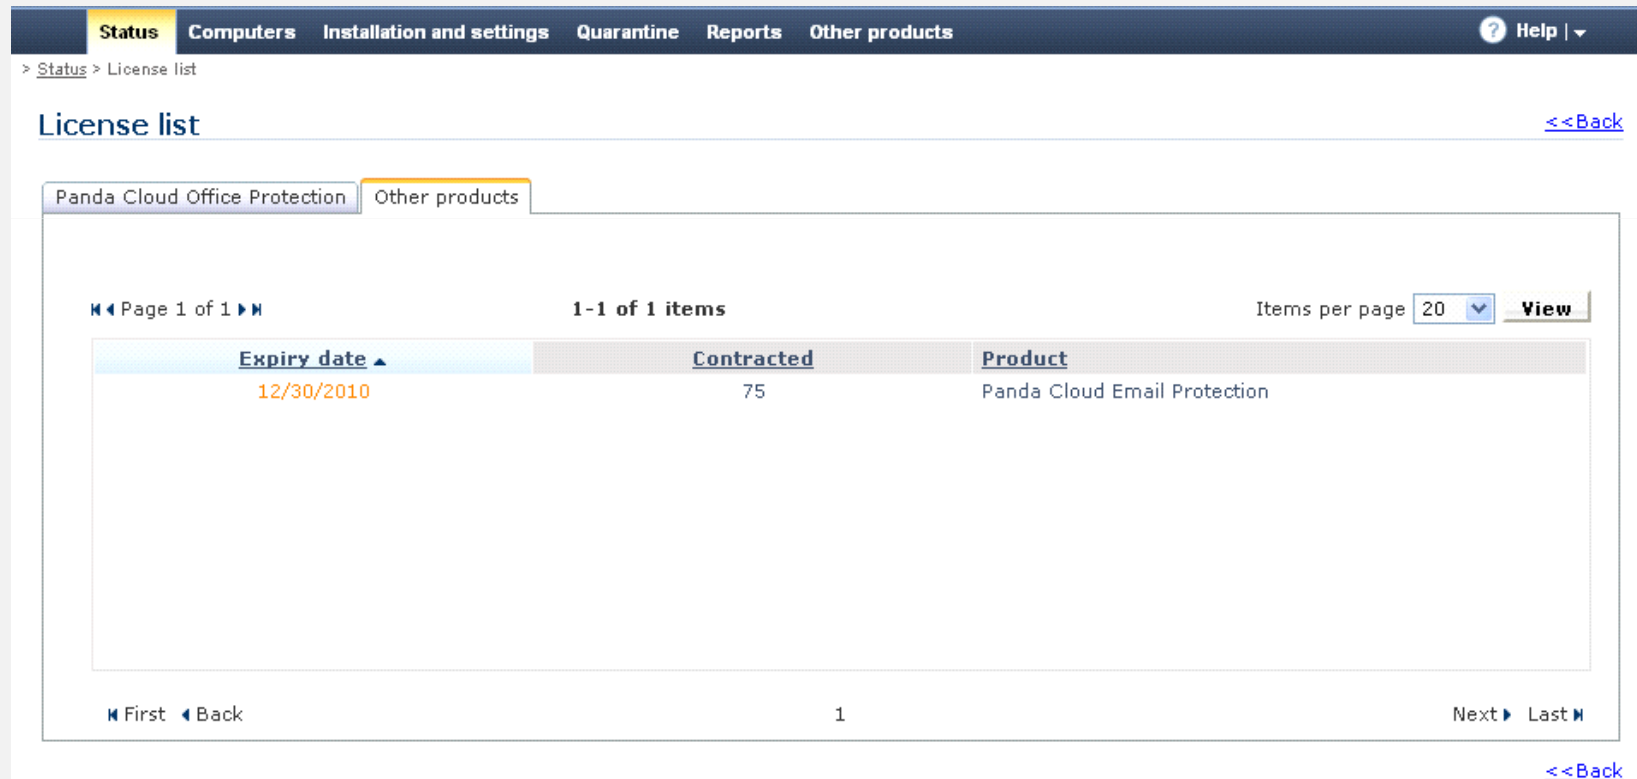

**Licenses**

 Panda Cloud Office Protection	<a href="#">View details</a>
Contracted: 300 (Free: 232 Used: 68)	
75 Expiry date: 12/1/2010	⚠ Days until expiry date: 0
75 Expiry date: Permanent	
<a href="#">Activate licenses</a>	
ⓘ Additional services contracted: Panda Cloud Email Protection	

-  Only computers with correctly installed protection will use License
-  'View details' y 'Activate Licenses' links relocated
-  New 'Additional services contracted' informative message. New types of maintenance:
  -  Panda Cloud Email Protection (PCEP)
  -  Panda Cloud Internet Protection (PCIP)
  -  Panda Cloud Protection (PCP = PCOP + PCEP)

## 'Status' menu: License List

 New lap: 'Other products'

The screenshot shows the Panda Cloud Protection Client Console interface. The top navigation bar includes 'Status' (highlighted), 'Computers', 'Installation and settings', 'Quarantine', 'Reports', and 'Other products'. A 'Help' dropdown is visible on the right. Below the navigation bar, the breadcrumb path is '> Status > License list'. The main content area is titled 'License list' and includes a '<<Back' link. There are two tabs: 'Panda Cloud Office Protection' and 'Other products'. The 'Other products' tab is active, displaying a table with one item. The table has columns for 'Expiry date', 'Contracted', and 'Product'. The single row shows an expiry date of '12/30/2010', a contracted value of '75', and the product name 'Panda Cloud Email Protection'. The table is paginated, showing 'Page 1 of 1' and '1-1 of 1 items'. The 'Items per page' is set to '20', and there is a 'View' button. At the bottom of the table, there are navigation links: 'First', 'Back', '1', 'Next', and 'Last'. A '<<Back' link is also present at the bottom right of the screenshot.

## ☁ 'Computers' menu

### ☁ 'Unprotected' lap

The screenshot shows the 'Computers' menu in the PANDA Cloud Protection Client Console. The 'Unprotected' tab is selected. The interface includes a navigation pane on the left with 'My organization' and a tree view containing 'All', 'DEFAULT', 'FuLL', 'GrupoDani', 'Just', and 'Testje'. A search bar at the top right contains 'Find computer:' with 'Find' and 'Show all' buttons. Below the search bar, there are 'Export to:' options and a 'View' button. The main area displays a table of computers with columns for 'Computer', 'Status', and 'Details'. The table shows 1-20 of 253 items. A context menu is open over the table, showing options: 'Delete selected computers', 'Delete all computers', and 'Send selected computers to the blacklist'. The 'Apply' button is visible next to the context menu.

## 'Installation and settings' menu

### 'Installation' submenu

The screenshot shows the 'Installation and settings' page in the PANDA Cloud Protection Client Console. The navigation menu at the top includes 'Status', 'Computers', 'Installation and settings' (highlighted), 'Quarantine', 'Reports', and 'Other products'. A 'Help' dropdown is visible in the top right. The breadcrumb trail is '> Installation and settings > Installation'. The left sidebar contains a menu with 'Installation' (highlighted), 'Profiles', 'Groups', 'Search', and 'Uninstallation'. The main content area is titled 'Installing the protection' and contains the following text and controls:

To install the protection modules on your computers, choose a group for the computers and the installation mode.

**Group**  
Select the group to add computers to when installing the protection.  
Group:  [What is a group?](#)

**Language:** English **Profile:** DEFAULT

**Installation mode**  
You can install the protection on computers using the distribution tool or through the installation program.

**Installation program**  
Use the installation program to install the protection on network computers either manually or using your own tools.  
[Use the installation program](#)

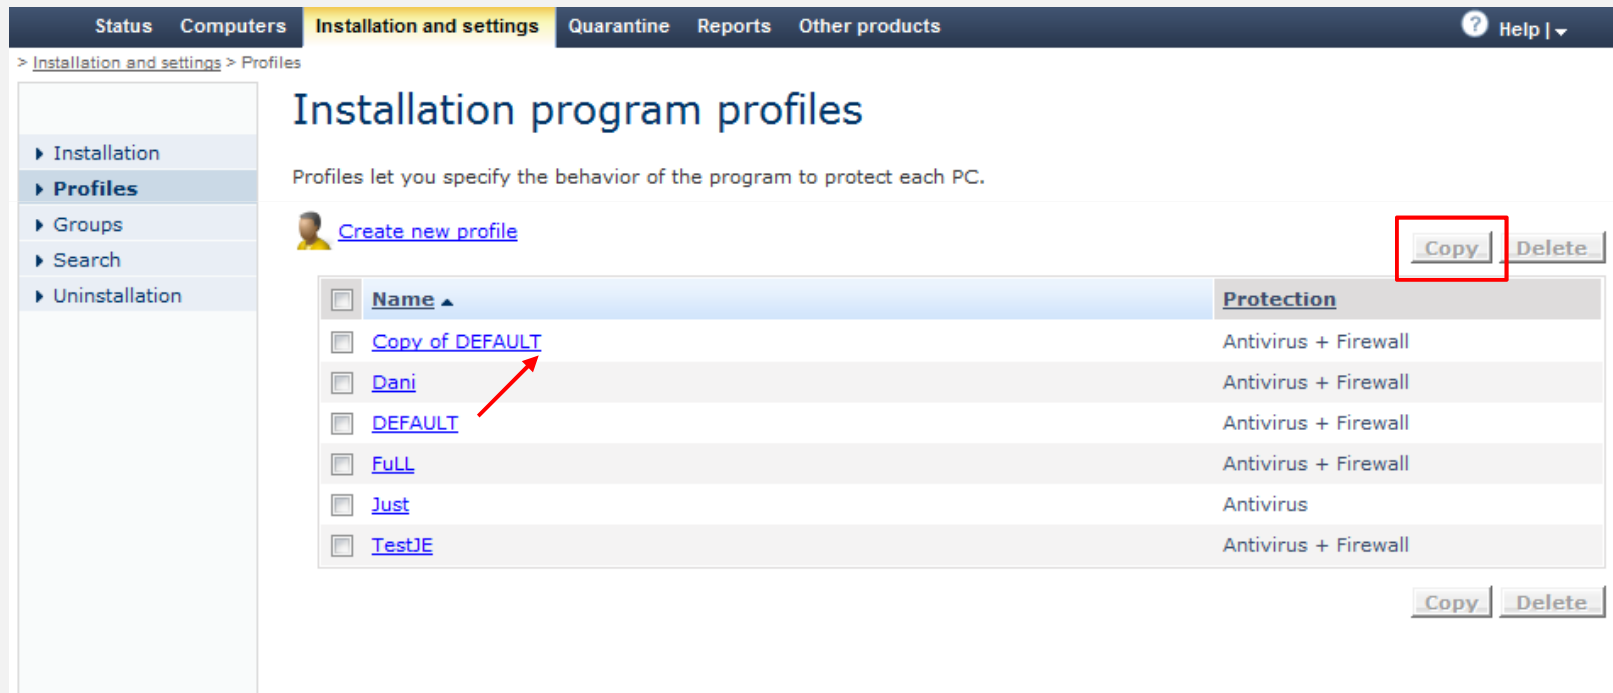

**Tool for distributing the installation program**  
You can use the distribution tool for centralized installation of the protection on computers connected to the network.  
 [Download distribution tool](#)

[More information about the installation tool.](#)

## ☁ 'Installation and settings' menu

### ☁ 'Profiles' submenu: Profiles copy

The screenshot shows the 'Installation and settings' menu in the PANDA Cloud Protection Client Console. The 'Profiles' submenu is highlighted, and the 'Copy' button is circled in red. The main content area displays the 'Installation program profiles' page, which includes a table of profiles and their protection settings.

## ☁ 'Installation and settings' menu

☁ 'Profiles' submenu: General

☁ 'Scheduled scans' lap: Edit profile

☁ New paths to be scanned can be configured

The screenshot shows the 'Edit profile - New scan job' dialog box in the PANDA Client Console. The interface includes a navigation menu on the left with options like Installation, Profiles (selected), Antivirus, Firewall, Groups, Search, and Uninstallation. The main area displays the 'Scan job details' for a 'New profile (2010-11-30 00:45:29)'. The details include: Name: 'New scheduled scan'; Scan type: 'Immediate scan'; Scan: 'The whole computer'; Start date: 'Hard disks'; Start time: 'Other items'; Repetition: 'Daily'. There is an 'Advanced settings' link and 'OK' and 'Cancel' buttons at the bottom right.

## ‘Installation and settings’ menu

### ‘Search’ submenu

## 'Installation and settings' menu

### 'Uninstallation' submenu

-  Centralized uninstallation

  -  Preconfigured distribution tool for uninstallation

-  Remote uninstallation

  -  Creation of remote uninstallation tasks (monitored progress)

  -  Selected computers will download a policy and execute their own uninstallation

  -  Start and end of task reported

# PCOP 5.05.00: Client Console

## ☁ 'Installation and settings' menu

### ☁ 'Uninstallation' submenu: Remote uninstallation

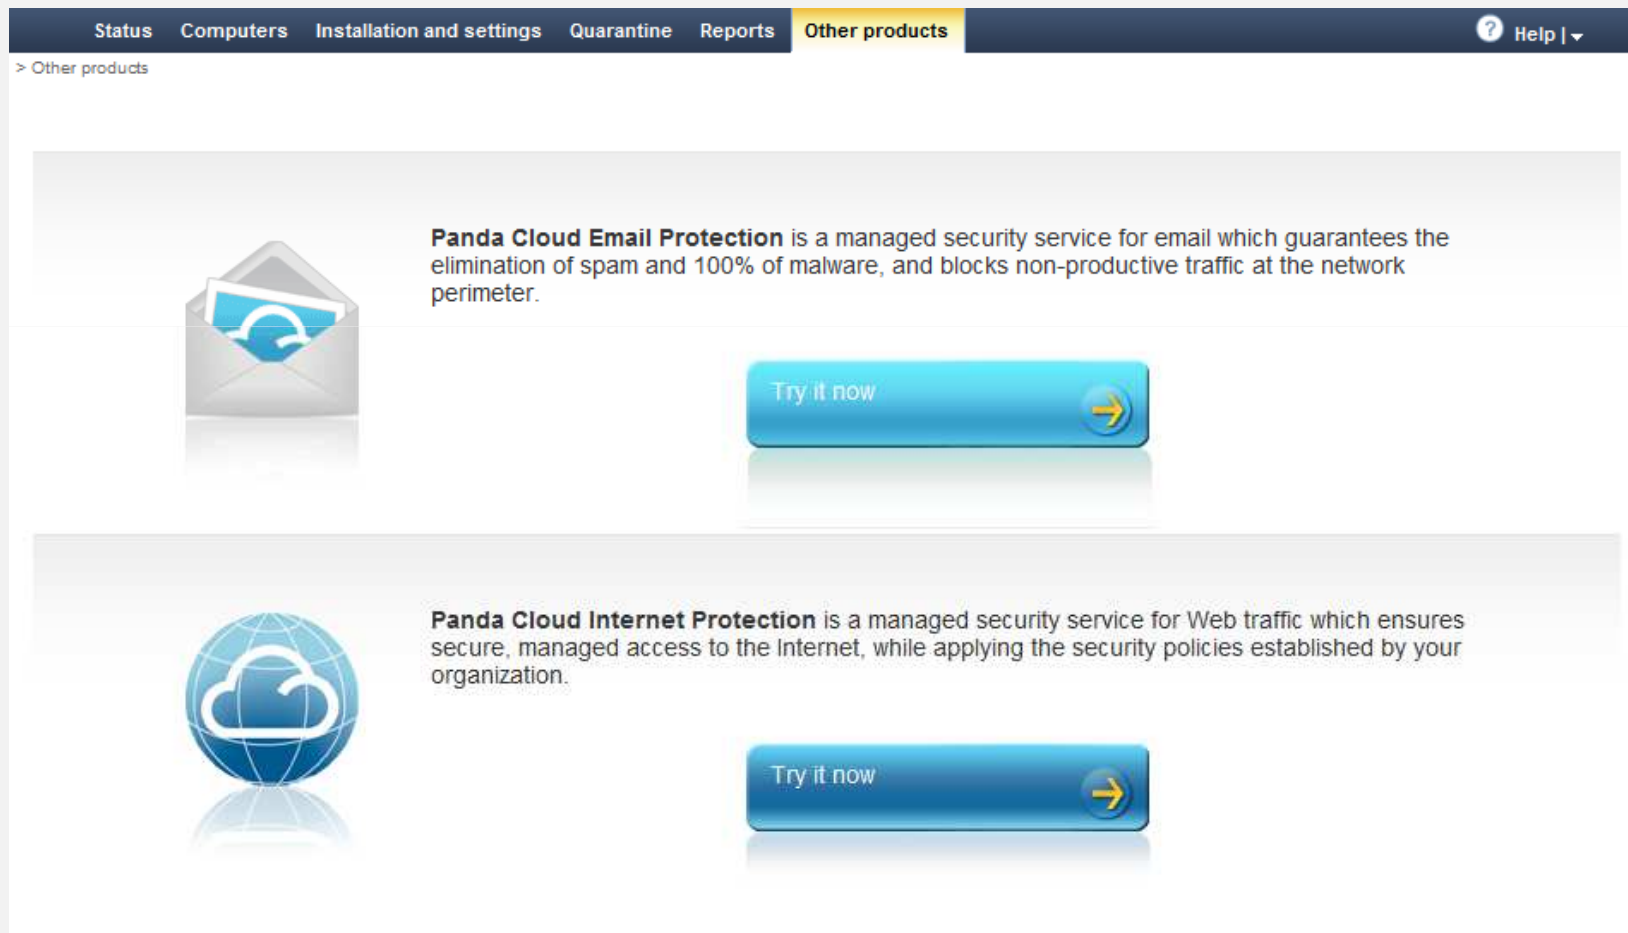

The screenshot shows the 'Edit uninstallation' interface in the PANDA Client Console. The left sidebar contains a tree view with 'Remote' selected. The main area shows options for 'Name', 'Group to uninstall from', and checkboxes for 'Delete quarantined items' and 'Restart the computers on finishing uninstallation'. Below this is a table of 'Available computers' with columns for 'Name', 'Agent', and 'Status'. A red arrow points from the 'Policies download' label to the 'Status' column of the table.

The network diagram, titled 'Customer's network', shows a central server connected to several computers. Each computer is labeled with its name, agent version, and protection status. The computers are:

- Computer\_0: Agent: 5.05, Protection: 5.05
- Computer\_1: Agent: 5.04, Protection: 5.04
- Computer\_2: Agent: 5.05, Protection: No, Installation error: Other AV installed
- Computer\_3: Agent: 5.05, Protection: 5.05, Black List
- Computer\_4: Agent: 5.05, Protection: 5.05, Owned by other customer
- Computer\_5: Agent: 5.05, Protection: 5.05
- Computer\_6: Agent: 5.05, Protection: 5.05
- Computer\_7: Agent: 5.05, Protection: 5.05

Red arrows indicate the flow of information: one from the 'Remote' menu item to the search results table, and another from the 'Policies download' label to the 'Status' column of the 'Available computers' table.

## 'Other products' menu

The screenshot shows the 'Other products' menu in the Panda Cloud Protection client console. The navigation bar at the top includes 'Status', 'Computers', 'Installation and settings', 'Quarantine', 'Reports', and 'Other products' (which is highlighted). A 'Help' link is also visible. Below the navigation bar, the 'Other products' section is displayed. It contains two product cards:

- Panda Cloud Email Protection**: A managed security service for email which guarantees the elimination of spam and 100% of malware, and blocks non-productive traffic at the network perimeter. It features an icon of an envelope with a cloud and a 'Try it now' button.
- Panda Cloud Internet Protection**: A managed security service for Web traffic which ensures secure, managed access to the Internet, while applying the security policies established by your organization. It features an icon of a globe with a cloud and a 'Try it now' button.

## Partner console

## ☁ 'Status' menu

☁ New types of maintenance:

☁ PCOP + (PCEP, PCIP and/or PCP):

☁ Only PCOP:

The screenshot shows the 'Status' menu in the PCOP Partner Console. The page has a navigation bar with 'Status', 'Clients', 'Settings', and 'Reports'. Below the navigation bar, there are sections for 'Notifications' and 'Monitoring'. The main content area displays a table of clients with columns for 'Client', 'Group', 'Licenses', and 'Status'. The 'Licenses' column is further divided into 'Type', 'Contract', 'Used', and 'Last expiry date'. The 'Status' column is further divided into 'Outdated protect.', 'Outdated signatures', 'With errors', and 'Today's detections'. A red box highlights the 'Contract' column in the table.

Client	Group	Licenses				Status			
		Type	Contract	Used	Last expiry date	Outdated protect.	Outdated signatures	With errors	Today's detections
<a href="#">aintzane</a>	DEFAULT	R	150	0	Permanent	0%	0%	0%	0
