

Panda Antivirus for MAC (E.U.L.A)

PANDA ANTIVIRUS FOR MAC - END USER LICENSE AGREEMENT

NOTICE TO ALL USERS: CAREFULLY READ THE FOLLOWING LEGAL AGREEMENT ("AGREEMENT") FOR THE LICENSE OF THIS SOFTWARE PRODUCT ("SOFTWARE") BY PANDA SECURITY (HEREINAFTER "PANDA"). BY CLICKING THE ACCEPT BUTTON OR INSTALLING THE SOFTWARE, YOU (EITHER AN INDIVIDUAL OR A SINGLE ENTITY) CONSENT TO BE BOUND BY AND BECOME A PARTY TO THIS AGREEMENT. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THIS AGREEMENT, CLICK THE BUTTON THAT INDICATES THAT YOU DO NOT ACCEPT THE TERMS OF THIS AGREEMENT AND DO NOT INSTALL THE SOFTWARE. (IF APPLICABLE, YOU MAY RETURN THE PRODUCT TO THE PLACE OF PURCHASE FOR A FULL REFUND IF A REFUND IS OFFERED BY THE PLACE OF PURCHASE.)

1. License Grant. Subject to the payment of the applicable license fees, and subject to the terms and conditions of this Agreement, Panda hereby grants to You a non-exclusive, non-transferable right to use one copy of this version of the Software and the accompanying documentation (the "Documentation") during the Period of Use of this Software. This Period of Use begins on the date on which You install and activate the Software, and ends on the last date of the period corresponding to the subscription that You have purchased. The Period of Use may be a fixed period of time, usually one year, or it may end on a specific date; this Period of Use is defined on the sticker which presents the serial number for the Software, or in the e-mail message providing such a serial number for on-line purchases. During this Period of Use, You may install one copy of the Software on one computer, workstation, personal digital assistant, pager, "smart phone", or other electronic device for which the Software was designed (each, a "Client Device"), unless the copy you have purchased includes the right to use it on more than one Client Device. If the Software contains more than one specified software product, this license applies to all such specified software products, subject to any restrictions or usage terms specified on the applicable price list or product information that apply to any of such software products individually. In order to activate the software and begin its Period of Use, You must provide a valid e-mail address when serializing the Software, which will then proceed with the activation procedure. At the end of the Period of Use, the Software will no longer be active, and to continue using the Software You will need to purchase a new license or subscription for a new Period of Use.

a. Use. The Software is licensed as a single product; it may not be used on more than one Client Device or by more than one user at a time, except as set forth in this Section 1. The Software is "in use" on a Client Device when it is loaded into the temporary memory (i.e., random-access memory or RAM) or installed into the permanent memory (e.g., hard disk, CD-ROM, or other storage device) of that Client Device. During the Period of Use, You will be able to use the Software for its intended purpose, and You will be entitled to all updates and upgrades provided for the Software, (collectively, "Updates") as provided by Panda and/or its suppliers at their discretion; You are to download Updates to the Software when and as Panda and/or its suppliers publish them via its automatic software update engine, website or through other online services. Panda makes no guarantee that such Updates will be provided during the Period of Use, and Panda reserves the right to add or remove features from the Software as it deems necessary.

b. Server-Mode Use. You may use the Software on a Client Device as a server ("Server") within a multi-user or networked environment ("Server-Mode") only if such use is permitted in the applicable price list or product information for the Software. Use of software or hardware that reduces the number of Client Devices or seats directly accessing or utilizing the Software (e.g., "multiplexing" or "pooling" software or hardware) does not reduce the number of licenses required (i.e., the required number of licenses would equal the number of distinct inputs to the multiplexing or pooling software or hardware "front end"). If the number of Client Devices or seats that can connect to the Software can exceed the number of licenses You have obtained,

then You must have a reasonable mechanism in place to ensure that Your use of the Software does not exceed the use limits specified for the license You have obtained. This license authorizes You to make or download one copy of the Documentation for each Client Device or seat that is licensed, provided that each such copy contains all of the Documentation's proprietary notices.

c. Volume License Use. If the Software is licensed with volume license terms specified in the applicable product invoicing or packaging for the Software, You may make, use and install as many additional copies of the Software on the number of Client Devices as the volume license terms specify. You must have a reasonable mechanism in place to ensure that the number of Client Devices on which the Software has been installed does not exceed the number of licenses You have obtained. This license authorizes You to make or download one copy of the Documentation for each additional copy authorized by the volume license, provided that each such copy contains all of the Documentation's proprietary notices.

2. Term. This Agreement is only effective for the Period of Use. Panda may terminate this Agreement with immediate effect if You fail to comply with any of the terms and conditions described herein. Upon any termination or expiration of this Agreement, You must immediately and permanently destroy the Software and the Documentation and all copies thereof. You may terminate this Agreement at any time by ceasing the further use of the Software and the Documentation and destroying the Software and the Documentation and all copies thereof. If You choose to terminate this Agreement before the end of the Period of Use, you are not eligible for any refund or compensation for the remainder of the Period of Use.

3. Modification to the Software and Services. During the Period of Use (or the first thirty (30) days if You are only evaluating the Software), this license includes subsequent updates of Virus definitions or Filters (collectively, "Services") for the Software as provided by Panda and/or its suppliers; You are entitled to download updates of the Services when and as Panda and/or its suppliers publish them via its automatic software update engine, website or through other online services.

You acknowledge and accept that during the contracted period, and in order that the Software adapts to technological advances and improves accordingly, PANDA and/or its suppliers may cease to develop the Software contracted in favor of other products. In such circumstances, you may choose another program or product in accordance with Panda's product migration policy. In this event, you agree to accept the conditions of such policy and adapt your computer accordingly should it be necessary. Migration to the new program or product may or not be free of charge depending on the resources that Panda and/or its suppliers has dedicated to the research and development of the new programs or products and the extent to which they differ from the programs or products replaced. You also accept that during the contracted period, Panda and/or its suppliers may change or modify the services in order to adapt to the aforementioned technological advances. You agree to accept these changes without demanding any compensation whatsoever. Panda shall notify you of any such changes.

Similarly, when the contracted period has elapsed, in cases of Software and service renewal, you are aware that the services and/or characteristics of the Software may have been modified to adapt to technological advances and that therefore you would have to change to a new program or product version according to the policy established by Panda.

If you change to a new version or new Panda program or product to update a previous version, the updated version, program or product is the only one you have the right to use, accepting exclusively the terms and conditions applicable to all documentation, material and specifications corresponding to the new version, program or product. You are obliged in such cases to delete any material corresponding to the previous version.

By accepting this license agreement, you accept all such modifications to the services and characteristics of the program. Please check all such modifications before accepting this license agreement.

4. **Ownership Rights.** The Software and the Documentation are protected by intellectual property right laws. Panda and/or its suppliers own and retain all right, title and interest in and to the Software and the Documentation, including all copyrights, patents, trademarks and other intellectual property rights therein. Your possession, installation, or use of the Software and the Documentation does not transfer to You any title to the intellectual property in the Software or the Documentation, and You will not acquire any rights to the Software or the Documentation except as expressly set forth in this Agreement. All copies of the Software and Documentation made hereunder are subject to the terms and conditions of this Agreement and must contain the same proprietary notices that appear on and in the Software and Documentation.

5. **Restrictions.** You may not sell, lease, license, rent, loan or otherwise transfer, with or without consideration, the Software. This is Software updated frequently and performance data for this Software change. Before conducting benchmark tests regarding this Software, contact Panda to verify that You possess the correct Software for the test and the then current version and edition of the Software. Benchmark tests of former, outdated or inappropriate versions or editions of the Software may yield results that are not reflective of the performance of the current version or edition of the Software.

You agree not to permit any third party to use the Licensed Program in any form and shall use all reasonable efforts to ensure that no improper or unauthorized use of the Licensed Program is made. You may not permit third parties to benefit from the use or functionality of the Software via a timesharing, service bureau or other arrangement. You may not transfer any of the rights granted to You under this Agreement. You may not reverse engineer, decompile, or disassemble the Software, except to the extent the foregoing restriction is expressly prohibited by applicable law. You may not modify, or create derivative works based upon, the Software in whole or in part. You may not copy the Software or Documentation except as expressly permitted in Section 1 above. You may not remove any proprietary notices or labels on the Software. All rights not expressly set forth hereunder are reserved by Panda and/or its suppliers.

6. **Communication and Personal Information.** By accepting this license, You grant to Panda the right to send You occasional reminders that Your Period of Use is due to expire. Panda will not sell or lease Your e-mail address or other personal information to third parties.

7. **Warranty and Disclaimer.**

a. **Limited Warranty.** Panda warrants that for thirty (30) days from the date of original purchase the media (e.g., CD-ROMs or DVDs) on which the Software is contained will be free from defects in materials and workmanship.

b. **Customer Remedies.** Panda's and its suppliers' entire liability and Your exclusive remedy for any breach of the foregoing warranty shall be, at Panda's option, either (i) return of the purchase price paid for the license, if any, or (ii) replacement of the defective media in which the Software is contained, or (iii) in the case of a corrupted download, a new electronic file will be provided, or a CD or DVD containing the software will be sent at no change to the customer. You must return the defective media to Panda at Your expense with a copy of Your receipt. This limited warranty is void if the defect has resulted from accident, abuse, or misapplication. Any replacement media will be warranted for the remainder of the original warranty period.

c. If a serial number has been found to be used with pirated copies of the Software, Panda reserves the right to prohibit the use of this serial number, and will provide new serial numbers to users who can prove that they have purchased the Software legitimately.

d. **Warranty Disclaimer.** Except for the limited warranty set forth herein, the Software is provided "as is". To the maximum extent permitted by applicable law, Panda and its suppliers disclaim all warranties, either express or implied, with respect to the Software and the accompanying Documentation. You assume responsibility for selecting the Software to achieve

Your intended results, and for the installation of, use of, and results obtained from the Software. Without limiting the foregoing provisions, Panda and its suppliers make no warranty that the Software will be error-free or free from interruptions or other failures or that the Software will meet Your requirements. The foregoing provisions shall be enforceable to the maximum extent permitted by applicable law.

8. Technical Support. You have access to Panda technical support by e-mail or Web form as long as You own a valid license to the Software.

9. Limitation of Liability. Under no circumstances and under no legal theory, whether in tort, contract, or otherwise, shall Panda or its suppliers be liable to You or to any other person for any indirect or consequential damages of any character including, without limitation, damages for loss of goodwill, loss of profits or revenues, work stoppage, computer failure or malfunction, or for any and all other indirect or consequential damages or losses. In no event will Panda or its suppliers be liable for any damages in excess of the list price Panda charges for a license to the Software, even if Panda shall have been advised of the possibility of such damages. This limitation of liability shall not apply to liability for death or personal injury to the extent that applicable law prohibits such limitation. The foregoing provisions shall be enforceable to the maximum extent permitted by applicable law.

10. United States Government. The Software and accompanying Documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212 under United States ("U.S.") laws, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement.

11. High-Risk Activities. The Software is not fault-tolerant and is not designed or intended for use in hazardous environments requiring fail-safe performance, including without limitation, in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application in which the failure of the Software could lead directly to death, personal injury, or severe physical or property damage (collectively, "High-Risk Activities"). Panda and its suppliers expressly disclaims any express or implied warranty of fitness for High-Risk Activities.

12. Applicable law. This Agreement is governed by the laws of Spain. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded.

13. Miscellaneous. This Agreement sets forth all rights for the user of the Software and is the entire agreement between the parties. This Agreement supersedes any other communications with respect to the Software and Documentation. This Agreement may not be modified except by a written addendum issued by a duly authorized representative of Panda. No provision hereof shall be deemed waived unless such waiver shall be in writing and signed by Panda or a duly authorized representative of Panda. If any provision of this Agreement is held invalid, the remainder of this Agreement shall continue in full force and effect. The parties confirm that it is their wish that this Agreement has been written in the English language only.

14. Panda Customer Contact. If You have any questions concerning these terms and conditions, or if You would like to contact Panda for any other reason, please contact Panda at: www.pandasecurity.com
